AREIA 7040

AREIA 7040 is an all-round awning that visually demonstrates superior technology.
**AREIA 7040**

**BEAUTIFUL AND VERSATILE**

Design details are elegantly shaped and part of the design concept, from the bearing mechanisms for the cover and arms up to the folding arms. This awning has a slim profile, a very high stability and an impressive functionality. If desired, the AREIA 7040 can be linked, can be provided with LEDs to create a pleasant "luminaire", and in combination with a HELLA Varioplus roller blind, it protects very well against noisy glances.
