Day turns to night with the HELLA black-out element. Especially robust design due to fibre-glass profiles shrink-wrapped into the fabric.
BLACKOUT ELEMENT
CREATIVELY PLAYING WITH LIGHT AND SHADE

- Perfect blackout
- Design element when using different blinds
- Especially robust due to fibre-glass profiles (model EV-T)
- Convenient operation with crank handle or electric motor (EV-GZ only available with electric motor)

Design models

Blackout element EV
Installation in the interior of the room directly on the window frame or laterally in the recess.
Box size: 102x102 mm

Blackout element with reinforced fabric EV-T
Installation in the interior of the room directly on the window frame or laterally in the recess. Stable covering with shrink-wrapped pockets for the reinforcing profiles.
Box size: 139x139 mm

Blackout element with counter tension EV-GZ
Suitable as blind for slanted and horizontal openings (dome lights, skylights, ...)
Box size: 102x102 mm
