## SOLEYA

# ONYX

## The Smart-Home-System from HELLA

The Smart-Home-System ONYX.HOME was specially developed for the operation of sun protection products. Venetian blinds, outdoor blinds, awnings, and roller shutters are conveniently controlled by smart phone, tablet, or fully automatic. All products are graphically displayed in the free ONYX app and can be visually identified by colors.

The sun shading products can also be controlled by voice control, push-buttons, by the ONYX.CLICK hand-held radio transmitter, or the ONYX.SWITCH wall-mounted radio transmitter. The HELLA ONYX system can be connected to all common smart home systems and allows the sun to get in only where it is wanted.
